*"The true meaning of
life is to plant trees,
under whose shade
you do not expect to sit."*

~Nelson Henderson

During his 18 year tenure, Brian helped lead YPN into a brighter future of positive change and growth. He planted many seeds, some of which are just now bearing fruit. Similarly, YPN's Building Bright Futures program helps to plant seeds of support, education, and empowerment for each and every person who walks through our doors. Over the course of a participant's time with YPN, they are nurtured, supported, and encouraged to grow - to be the best version of themselves for their family today, tomorrow, and for their future.

Brian Stutzman Giving Society members have the opportunity to create a lasting legacy by investing in the future of our community. We invite you to review the giving levels below and set up a one-time, annual, or monthly contribution, which will have lasting impact on YPN programs for local families.

Your gift has an immediate impact on local families. The levels below show many examples of what can be accomplished with your financial contribution. Every gift is a meaningful commitment of support for our mission.
